

Volunteer Opportunities

Which of the following areas are you interested in? (Check as many as you want.)

Service Areas at the Center (willing to serve at the Center once a week):

- Biblical Counselor** – We are *not* professional counselors – rather like a *teacher or advisor*. We *come along side* someone and *lead them through* the New Hope program. You receive the New Hope Counselor Handbook which provides training and equipping. You begin as a Prayer Partner on a counseling team under a lead Counselor as a Counselee goes through the program (requires approximately a one year commitment). Then you can evaluate whether or not you want to go on and become a lead Counselor.
- Prayer Partner** – The lead Counselor and Prayer Partner work together as a counseling team (*advising team*). The Prayer Partner must be sensitive to prayer needs during the sessions and respond in prayer (silent or open, as the Lord directs), and faithfully pray for your Counselee throughout the week during their entire counseling program. The Prayer Partner also joins in the reading and with comments as the Lord directs.
- Secretarial Support Work**
